**CIC Appeals to the Industry to Uphold the Rule of Law**

**Hong Kong • 2 July 2019** – The Construction Industry Council (CIC) deeply regrets and condemns that some protesters stormed the Legislative Council Complex yesterday and committed damage to the property ruthlessly.

The rule of law is the corner stone of social prosperity and stability. The CIC is rallying the support of the construction practitioners to serve the community with dedication, safeguard the rule of law and protect the well-being of Hong Kong.

**About the Construction Industry Council**

The Construction Industry Council (CIC) was formed in 2007 under the Construction Industry Council Ordinance (Cap. 587). The CIC consists of a chairman and 24 members representing various sectors of the industry including employers, professionals, academics, contractors, workers, independent persons and Government officials.

The main functions of the CIC are to forge consensus on long-term strategic issues, convey the industry's needs and aspirations to the Government, provide professional training and registration services, and serve as a communication channel between the Government and the construction industry.
