

FOR IMMEDIATE RELEASE

CIC BIM Competition 2021 Wrapped Up Successfully

Hong Kong • 16 June 2021 – The Construction Industry Council (CIC) organises the "CIC BIM Competition" (Competition) for the third year in 2021, aiming to promote the practical uses of Building Information Modelling (BIM) through collaborative and competitive learning approach among teams of tertiary students in construction-related disciplines. The Competition was eligible to full-time tertiary (post-secondary) students in forming a team of three to five members from minimum two different construction-related disciplines. The Competition was successfully concluded with an award ceremony held on 12 June 2021.

The Competition was run in two rounds. Themed "An Advancing Net Zero (ANZ) Hub in CIC-Zero Carbon Park (CIC-ZCP)" this year, participating teams were required to demonstrate how to achieve net zero carbon emissions during design, construction process as well as after the completion of their rebuilt CIC-ZCP. In the 1st round of submission, project design requirements were given to the teams in redeveloping the existing CIC-ZCP in Kowloon Bay. The judging panel, a collective group of renowned professionals in the field of BIM, reviewed all submissions and selected nine finalist teams to enter into the 2nd round of Competition. The finalist teams were required to make amendments on their 1st round of submissions on-site based on new requirements within 12 hours and conducted a presentation to judging panel on the next day.

Speaking in the ceremony, Ar. Ada FUNG, Chairperson of the Committee on BIM of the CIC said, "This year, we are glad to see that a highest record was reached with 53 teams registered, comprising 252 tertiary students. We organised 20 different webinars to build up their knowledge and skills on BIM and net zero building design, attracting over 1,000 man-time of participants which is also a record high among three years."

The Champion was belonged to Coffeeholics formed by students from Chu Hai College of Higher Education and The Technological and Higher Education Institute of Hong Kong. Their submitted work demonstrated excellence use of passive design, and they also

impressed the Judging Panel by adopting BIM software with plug-in for different BIM uses.

More details of BIM can be found at www.bim.cic.hk.

CIC BIM Competition 2021 - List of Winning Teams

Awards	Team	Institutions
Champion	Coffeeholics	<ul style="list-style-type: none"> i. Chu Hai College of Higher Education ii. The Technological and Higher Education Institute of Hong Kong
1 st Runner-up	Bimify	<ul style="list-style-type: none"> i. The Hong Kong Polytechnic University ii. The Hong Kong University of Science and Technology iii. The University of Hong Kong
	Night Owl	<ul style="list-style-type: none"> i. The Hong Kong Polytechnic University ii. The University of Hong Kong
2 nd Runner-up	High5Tea	<ul style="list-style-type: none"> i. The Hong Kong Design Institute ii. The Hong Kong Polytechnic University
	Team Assorted	<ul style="list-style-type: none"> i. Chu Hai College of Higher Education ii. The Hong Kong Polytechnic University
Merit	Caravaneers	The Hong Kong Design Institute
	Citi No. 1	<ul style="list-style-type: none"> i. City University of Hong Kong ii. Chu Hai College of Higher Education iii. The Hong Kong Polytechnic University iv. The University of Hong Kong
	JIKY	<ul style="list-style-type: none"> i. Chu Hai College of Higher Education ii. The Hong Kong Institute of Vocational Education
	HKuST	<ul style="list-style-type: none"> i. The Hong Kong University of Science and Technology ii. The University of Hong Kong
Best Presentation Team (Live online voting)	JIKY	<ul style="list-style-type: none"> i. Chu Hai College of Higher Education iii. The Hong Kong Institute of Vocational Education

The nine finalist teams compete on-site within 12 hours in the 2nd round of Competition

Mr. CHAN Ka-kui, Chairman of the CIC (4th left) presents the award to the Champion

Ar. Ada FUNG, Chairperson of the Committee on BIM of the CIC (4th left) presents awards to the two teams of the 1st Runner-up

Ir Dr. Richard PANG, Director - Industry Development of the CIC (3rd left) presents the award to the two teams of the 2nd Runner-up

About the Construction Industry Council

The Construction Industry Council (CIC) was formed in 2007 under the Construction Industry Council Ordinance (Cap. 587). The CIC consists of a chairman and 24 members representing various sectors of the industry including employers, professionals, academics, contractors, workers, independent persons and Government officials.

The main functions of the CIC are to forge consensus on long-term strategic issues, convey the industry's needs and aspirations to the Government, provide professional training and registration services, and serve as a communication channel between the Government and the construction industry.

Please visit www.cic.hk for further details.
